EDUCATION OF THE HANDICAPPED ACT, PART B
FLOW THROUGH FUNDS
FY 1985

Public Law 94-142 monies were awarded to all ninety-two local education agencies (LEAs) during the school year 1984-85. These funds were awarded on an entitlement basis determined by the December 1, 1983 child count. South Carolina was awarded a total of $18,335,655.00 in P.L. 94-142 funds. Of this total, ninety-four percent (94%) was distributed to LEAs making a $17,215,511.00 state flow-through amount. The LEAs total child count (69,833) was divided into the total flow-through amount creating a $246.52 per pupil amount. This per pupil amount was then multiplied by each LEA's child count to determine funding level for each LEA. The FY'85 entitlement has a funding period from July 1, 1984 - June 30, 1985.

EDUCATION OF THE HANDICAPPED ACT, PART B
RETAINED FUNDS
FY 1985

Contracts for Direct Service Delivery were awarded to four (4) state operated programs during FY 1985. The purpose of these contracts was to provide direct educational services to handicapped pupils of legal school age being served within the agencies. The funding level for each agency was determined by multiplying the child count submitted on December 1, 1983 times the State per pupil amount generated under the flow-through dollars ($246.52). The funds have a contract period July 1, 1984 - June 30, 1985.

Listed below are the child counts and funding amounts awarded to each agency.

Agency	Child Count	Allocation
Dept. of Corrections	76	$18,736
Dept. of Mental Retardation	100	24,652
Dept. of Youth Services	149	36,732
John de la Howe	16	3,944
TOTAL	341	$84,064

EVALUATION, DIAGNOSIS AND PRESCRIPTIVE PROGRAM

The State Department of Education, Office of Programs for the Handicapped, has set aside a small portion of the Department's Part "B" funds in order to provide diagnostic evaluations and educational prescriptions for handicapped children exhibiting complex and unusual handicapping conditions. These educational diagnostic evaluations are available through the "Evaluation, Diagnosis and Prescriptive Program" (EDPP) and cannot supplant diagnostic/prescriptive services which are traditionally the responsibility of local agencies.

The diagnostic and prescriptive profiles obtained through this program are designed to be utilized as an aid in planning and implementing individualized educational programs which ultimately accrue to the benefit of the child. Referrals accepted for evaluation are restricted to those children manifesting unusual or complex handicapping conditions.

Diagnostic centers operative during the 1984-85 school year are listed in the chart below with the number of children receiving services.
